

BIRTHDAY BINGO

Teacher Instructions

Birthday Bingo is a great active learning activity for students to focus on:

- Interacting with each other
- Practicing communication skills
- Improving number sequencing
- Improving month or calendar sequencing
- Practicing thinking quickly

Special requirements: none

Birthday Bingo can be useful prior learning for the calendar section in the workbooklet *Time for a Date* and can work alongside the *Days & Months* worksheet.

BIRTHDAY BINGO

Task 1: Go around everyone in the class (including staff) and ask everyone what day their birthday is and list below.

--

Task 2: Mark off each date on the bingo card below with a tally mark or cross the date.

1	2	3	4	5	6	7
8	9	10	11	12	13	14
15	16	17	18	19	20	21
22	23	24	25	26	27	28
29	30	31				

Task 3: What was the most popular date? (Students can translate the information onto a graph if able to).

Task 4: Go around the class and ask everyone in the room what month their birthday is. Mark each on the bingo card with a tally mark. What is the most popular?

January	February	March
April	May	June
July	August	September
October	November	December
